

# Preschool education programs for children with autism

Harris, Sandra L (Ed); Handleman, Jan S (Ed).

[ProQuest document link](#)

## ABSTRACT (ENGLISH)

Presents information on 10 different preschool education programs for children with autism. The contributors describe their programs in the following areas: structure and context of the program, diagnosis and assessment of the children, teaching staff and administrative structure, curriculum, integration of children with autism with normally developing peers, behavior management procedures, family involvement, and outcome data.
